ABOUT THE HOSPITAL I WORK IN: The Islamic hospital in Amman – Jordan, was published in 1982, consists of four major buildings, has a broad medical specialty, and comprehensively provides care for patients through multi-specialty care. The hospital has 240 fixed beds and 150 beds in ambulatory care sections. The hospital kitchen was accredited by ISO 22000 in March 2017, and the whole hospital was certified by Canadian Accreditation (A.C) 3rd version at the Platinum level in AUG 2021. The Quality department supervises all accreditation processes.

OBJECTIVES

- Work in challenging positions in the field of Nursing, learn, teach, and support with professionalism, etiquette, fast, self-development, and work ethics besides being creative.
- Utilize my capabilities to advance in my career.

- Accumulated 12 years of diverse Nursing experience (Bedside nursing) in closed critical units, ER, and hemodialysis for chronic renal patients. This diverse experience equips me with the skills and knowledge to handle a wide range of nursing situations, providing you with a versatile and competent candidate.
- Actively involved in policy development with concerned committees, demonstrating leadership and initiative.
- Quality coordinator experience, Quality Representative in the Emergency department committee, Bio laboratory committee, Blood bank committee, Inpatient Services, Critical Care & CPR Committee, Medication Management and use committee, and Quality and patient safety Council, in addition to regular hospital facilities auditing as a quality improvement committee. Also, according to Canadian Accreditation (A.C) standards, Medical Files Auditing.
- Ability to monitor and evaluate Health promotion projects and initiatives.
- participating in different improvement projects
- Working on key performance indicators (KPIs), collecting and displaying them according to the Balanced Score Card (BSC) template and C.V., as well as patient files documentation compliance indicators.
- I am committed to continuous learning and professional development, which I achieve through regular reading and participation in various courses and diplomas in multiple fields.
