

Name: Mohammed Kamel Badarneh

Address: Amman, Jordan

Country of Birth: Amman – Jordan

State: married

Nationality: Jordanian

Mobile: +962 777219531

Email: chemhamood1997@yahoo.com

Objective

- As a Chemist, Sr, Quality Control Analyst, Quality Assurance, Research and Development.
- As, any positions in Quality and R&D.

Key Skills

- **Proficient in Good Manufacturing Practices (GMP), Good Laboratory Practices (GLP), and FDA regulations:** Ensuring strict adherence to industry standards and regulatory requirements in all testing and manufacturing processes.
- **Experienced in Analytical Testing:** Skilled in performing chemical, physical, and microbiological testing using instruments like **HPLC, GC, FTIR, UV-Vis**, and other industry-standard equipment to ensure product quality and compliance.
- **Data Analysis and Interpretation:** Expertise in using statistical software such as **SPSS, Minitab, and Excel** to analyze test data, identify trends, and prepare detailed reports to support decision-making.
- **Documentation and Compliance:** Thorough experience in preparing and maintaining accurate documentation, including **test protocols, SOPs, batch records**, and **quality control reports** to ensure regulatory compliance.
- **Deviation Management and CAPA:** Identifying, documenting, and managing deviations in product quality, conducting **root cause analysis**, and implementing **Corrective and Preventive Actions (CAPA)** to prevent recurrence.
- **Internal Audits and Regulatory Inspections:** Conducting internal audits to assess compliance with **GMP, GLP, and regulatory requirements**, and preparing for external inspections by regulatory authorities.
- **Risk Management:** Conducting risk assessments to identify potential quality risks in manufacturing and testing processes and developing mitigation strategies to ensure product safety.
- **Cross-Functional Collaboration:** Collaborating with **R&D, production, and regulatory affairs teams** to address and resolve quality-related issues, ensuring continuous improvement in product quality.

- **Familiarity with LIMS and ERP:** Proficient in using **Laboratory Information Management Systems (LIMS)** and **ERP** to track test data, manage samples, and maintain inventory and batch records.
- **Continuous Improvement:** Involved in process improvement initiatives such as **Lean** and **Six Sigma** to optimize laboratory workflows and enhance product quality.
-

Professional Experience ---

Quality Control Analyst in MS Pharma Injectable from (August 2021) to (December 2024)

- All Incoming product /receiving, sampling, analysis, rejecting

* Raw material

* Packaging material

* water treatment materials

* oncology product repackaging

I have experience with ERP system for movement, quarantine, release and sampling)

- Finish product Receiving, sampling, analysis for (cleaning validation, bulk, semi finished, finish product)

-Stability product Receiving, analysis for Product

-Biosimilar Products analysis (Raw, finished,Bulk,stability)

-I have experience in monitoring with laboratory, refrigerator, freezer, deep freeze, and chambers.

-I have experience with using an instrument analysis and calibration, cleaning as (HPLC, GC, UV Visible, PH meter, Conductivity, Balance, IR Spectroscopy, polarimetry, OSMO Meter, Atomic absorption, TOC, Melting point, Densometer, and more.)

-I have experience with water analysis (OQ, PQ) and water Qualification from (RW, SW, PW, PS, WFI).

-I have experience with Health and safety inside and outside the laboratory and dealing with the fire extinguisher

-I have excellent knowledge a GMP, GLP, GDP, GSP, ALCOA++, Principle of six sigma and Dealing with SOPs ,and ICH /WHO guidelines.

-I have experience in handling the audit process and the Auditor.

Achievements during the working period _____

- At the beginning of my work, I submitted more than one proposal based on saving costs for the company.
- I was the first person to test for arsenic at MS Pharma and as a result saved good time and cost in the company rather than having the test done in an accredited lab outside the company and we were honored as the Company Champion for Q4 2022.
- Member of the company activities committee and the employee happiness committee.

EDUCATION _____

- Yarmouk University (Irbid, Jordan)
- Bachelor Degree in "Chemistry" (June 2020).
- Rating: (Good)

Key Trainings & Certifications _____

- Certificate of Participate – the national democratic institute certificate (2019).
- Training Certificate in university laboratories (2017-2019).
- (Corona vaccine certificate) Pfizer-BioNTech
- Greeting card for discovering an error in a product before Analysis and for discovering ways to save money and time
- MS pharma hero certificate in the fourth quarter 2022
- First Aid Certificate at MS pharma injectable2022.

LANGUAGE _____

- English: Reading & Writing (Good)
- Arabic: Reading & Writing (excellent)
